

**MAJOR PROJECT PUBLIC NOTICE
APPLICATION COMPLETED
APA PROJECT NO. 2024-0074**

Date: May 21, 2025

The Agency determined on **May 19, 2025** that the application referenced below is complete and under formal review for Agency action. The purpose of this Notice is to inform you about the proposed project and to ask for any written comments that you may wish to make about the project. Comments previously submitted are already part of the project file and need not be repeated.

It is not necessary to respond to this notice unless you want to do so. If you wish to provide written comments, they must be received by **June 12, 2025**. The Agency website's page for **Public Comment & Hearing Opportunities** (<https://apa.ny.gov/Hearings>) includes information on the project, including the most recent maps and plans, and an electronic form for submitting any public comments. You may also submit written comments to **Virginia Yamrick** via e-mail (at rpcomments@apa.ny.gov) or via mail (at PO Box 99, Ray Brook, NY 12977). Please reference the above project number.

PROJECT SPONSOR, LOCATION AND DESCRIPTION

The Agency received an application on **March 14, 2024**, and additional information on **May 13, 2025**, for a project proposed by **Hamilton County, NY RSA2 Cellular Partnership d/b/a Verizon Wireless, and Hudson Valley Wireless** in the Town of **Arietta, Hamilton County**, on or near **New York State Route 8** in an area designated as Low Intensity Use on the Adirondack Park Land Use and Development Plan Map. The tax map number of the project site is: Section **127**, Block **1**, Parcel **1.110**. The attached map shows the approximate location of the project site.

The project is briefly described as follows: **The action involves installation of a 110-foot-tall monopine tower to support Hamilton County public safety radio antennas with installation of a 20-foot-tall receiver antenna at a mounting height of 110 feet above ground level (AGL) and installation of two 10-foot-tall transmitter antennas at a mounting height of 80 feet AGL. Also proposed is co-location by Verizon Wireless for installation of a three-sided panel antenna array located at a centerline mounting height of 100 feet AGL and co-location by Hudson Valley Wireless for installation of two internet antennas at a centerline mounting height of 75 feet AGL. Access to the site will be along an existing 1500±-foot-long logging road, which will be improved.**
